

Dear colleagues and partners,

We are happy to invite you to attend our next "**International week**" that will take place between October 14th and 19th.

The first days of this week will be dedicated to our students and the rest of the week (16th to 19th) to our dear partners (academic as well as administrative staff members).

The topic of this year's edition will be: "***How to increase the attractiveness and visibility of middle-size universities on the international scene?***". We will approach different issues such as internationalisation strategy, excellency in research and academic courses, project development, communication, international cooperation, etc.

[Here](https://sphinxdeclic.com/SurveyServer/s/elodiesilvestre95/INTWEEK2019) (<https://sphinxdeclic.com/SurveyServer/s/elodiesilvestre95/INTWEEK2019>) is a short application questionnaire. Please note that this form is only the first step to register for our International week. Once pre-selected, we will send you the link to the registration form as well as the detailed programme (end of August or early September).

For different reasons, we have to limit the participation to max. 2 or 3 people per university. Priority will be given to our partner universities. However prospective partners may also apply.

Please download the brochure [here](https://www.univ-smb.fr/wp-content/uploads/2019/07/save-the-date-intweek-2019.pdf) (<https://www.univ-smb.fr/wp-content/uploads/2019/07/save-the-date-intweek-2019.pdf>) and for any question, please contact us at internationalweek@univ-smb.fr (and give us a little time to reply to you). Thanks!

Looking forward to welcoming you soon at Université Savoie Mont Blanc!
