

Dear Dr. Andra-Mirona Stan-Dragotesc,

[QS in conversation](#) under the theme of “**Enhancing Visibility through International Cooperation: Mobility, Recognition, Branding**” will be held on **14 and 15 October 2019** in **Kaunas, Lithuania**.

This edition of QS in conversation is the first QS event organised in the Baltics, and it is the result of an international tripartite collaboration between Lithuania’s Vytautas Magnus University, Kazakhstan’s Eurasian National University and QS.

The upcoming summit will focus on how institutions of higher learning can leap onto the global stage and play an active role in the global higher education community. With internationalisation touching almost every facet of life in a modern university, successfully riding these waves of change is both an art and a science.

Who Should Attend?

- Professional and academics involved in the institution’s leadership or policy making processes
- Junior policy staff seeking training on a particular topic
- Academics with a research interest in the field
- Representatives from the public and private sector working with the higher education community and who have a stake in its development
- Interested writers, non-governmental organisation representatives and students

Join us in Kaunas, Lithuania this October for QS in conversation to learn with the best and redefine your institution’s internationalisation journey.
