The Message of the Rector of West University of Timișoara

The West University of Timișoara is a wide community with a strong tradition, a community aiming to be innovative and to generate new discoveries, supported by our committed and talented teachers and

inspired by the energy and fresh spirit of our students.

I am proud to be the Rector of an institution where the Nobel Prize winner Herta Muller had studied and to be part of this amazing academic community, which had given rise to so many famous international personalities.

At the West University of Timișoara, we cherish the great value of thousands of graduates who build the Alumni Community, growing wider and wider and representing our institution all over the world, since they are our most authentic ambassadors.

Timișoara, the city where the Romanian Revolution burst out in December 1989, symbol of freedom and multiculturalism, will be the European Capital of Culture in 2021. It is an honor for our community and a great opportunity for the West University of Timișoara to contribute to the promotion of local culture and values and to involve our students and academics in the interesting events to come.

I warmly welcome you to join the West University of Timisoara, a dynamic university which offers its material and intellectual resources, so that you can reach your highest potential and become your best.

About Timișoara

The third largest city in Romania (about 350,000 inhabitants), Timișoara has the charm of a small town and the opportunities of a big city. Situated in the Western part of the country, Timișoara is the capital of Timiș county, which borders Serbia and Hungary.

Symbol of the 1989 Revolution against the communist regime, Timișoara has had a turbulent history. Now, it is a multicultural city, where Germans, Hungarians, Serbs, Jews, etc. live side by side with the Romanians.

The city has plenty of outstanding monuments and buildings: the Orthodox Cathedral, the Roman Catholic Dome, the Huniade Castle, the Old Town Hall, the Bastion, the Union Square etc. It is the only European city with three public theatres in three different languages (Romanian, German and Hungarian). It also has an Opera house, a symphonic orchestra and many art galleries and museums.

Timișoara is an important academic center, with four public universities: the West University of Timișoara, the Polytechnic University, "Victor Babeș" University of Medicine and Pharmacy and the University of Agricultural Sciences and Veterinary Medicine of Banat.

Our city is a modern, cosmopolitan one, guided by the following motto: „Unity in Diversity”.
