This event will offer the perfect environment to meet colleagues working in International Offices at partner universities, share knowledge and exchange experiences as well as discovering what the AAU and the city of Klagenfurt itself have to offer.

Please find attached a preliminary programme. More detailed information including the link for the online application and accommodation will be sent in January 2016.

The language of communication will be English. The participation is limited to two representatives per institution. A total number of 20 participants will be accepted.
