International Week at Tomas Bata University in Zlín, Czech Republic

It is our pleasure to invite you to attend the 6th International Week, so do not miss out on the chance to take part in the event! The International Week will take place at all of our six faculties between 4 April and 8 April 2016.

The International Week programme is comprised of presentations, debates, discussions, as well as social events. The International Week also gives the participants the opportunity to broaden and strengthen cooperation between partner institutions in both educational and/or research projects. If you are a lecturer, we would very much appreciate if you could bring your expertise to the teaching sessions of the International Week. The topics of lectures should be related to the specializations of the six faculties of TBU in Zlín (Technology, Applied Informatics, Management and Economics, Humanities, Multimedia Communications and Logistics and Crisis Management) and their degree programmes. For more information please refer to: <http://www.utb.cz/index.php?lang=2>

Programme is free of charge. Accommodation and travel costs are not included and should be covered by the participant. The International Week can be included in the Erasmus+ programme as teaching or training mobility. Please complete the form below as soon as possible, since the number of participants is limited. We would like to point out that successful registration for the International Week by submitting this form does not automatically mean that you will be accepted to take part in the event. Selection of participants will be made after discussion with faculties. Should you have any questions, do not hesitate to contact Mr. Pavel Býček from the International Office: bycek@rektorat.utb.cz
