

Dear international partners,

Greetings from VIA University College, Campus Viborg. We hope you, your family and colleagues are healthy and safe during these challenging and unprecedented times with covid-19.

Attached please find invitation for our Staff visiting week in the spring 2021, we hope to be able to run the staff week with physical attendance, if this due to the covid-19 situation will not be possible, the week will be arranged online – we will of course let you know well in advance of a possible change.

During the staff week we will focus on how does Social Education contribute to solve challenges in a changing welfare society.

From competent academic staff and students you will get knowledge and insight in research, methods in didactics and education – also we will visit different types of institutions in Viborg Municipality.

At below link you will find program for the week, and link to the application form.
