

Dear partner of the Vidzeme University of Applied Sciences,

We are pleased to invite our partner universities' teaching staff to join the International Teaching Week and the International Tourism Conference which will take place on 17 -21 October 2016, in Valmiera, Latvia.

This year the topic of International Teaching Week is "Through famous gateways to unexplored getaways" thus providing our students the variety of discoveries they can gain through the excellent international learning environment and networking opportunities.

Our guests are invited to present lectures, seminars, workshops and discussions on various subjects in English, within the study fields of our university: Business administration, Communication and Media, Information technologies, Engineering, Governance and Tourism.

The Teaching Week will conclude with the International Tourism Conference "Tourism experience, Innovations and Challenges: global perspectives in the local context" where all our guests are welcome to participate. More information will follow.

To apply for the International Teaching Week, please fill in the registration form by September 21st, 2016!

The on-line application form can be found here: <http://www.va.lv/en/content/international-teaching-week-2016>

Attached please find the invitation!

With regards

Zane Abelite-Medne
