Dear Partners and colleagues

We are pleased to invite you to our 4th international week, between 6 and 10 of June 2016! **«Cultural Dialogue and Human Rights: Main Bridges for Internationalization»** how much cultural issues influence the mobility experience, and to what extent are we European, welcoming students from other countries (European ones along with the rest of the world)? Teachers and staff are welcomed! share your expertise & best practices with us. There will also be a parallel cultural programme and time to visit the campus. We also like to stress out that during this week an international event will also take place in the city: *Feira Nacional De Agricultura*, with everyday exhibitions, shows and conferences.

Looking forward to see you ☺

Kind regards

Maria do Céu Martins
