

Dear colleagues,

We send here in this mail the information of our Staff Week 2021 at University of A Coruña in case you are interested in it and also we would really appreciate if you can send it to your colleagues too.

Spanish language at the crossroads: Internationalisation Forum in Galicia

COME TO VISIT US and promote your university **WHILE LEARNING A NEW LANGUAGE!**

The aim of the course is to get participants familiar with Spanish: **its language, its culture and its tertiary education** in an international context. **ALL IN ONE!**

You would be able to practice the language during our **excursions to beautiful scenery, natural landscapes and touristic visits** like the St. James Cathedral during the Jubilee year, but you will also have the opportunity to **meet professionals** at UDC who share academic/administrative interests with you.

The program (**60 hours** in total) includes:

- **48 hours online teaching:** 6 hours per week (4 asynchronous hours and 2 synchronous hours): **3rd May to 24th June**
- **12 face-to-face teaching** during the Staff Week: **5th to 9th July**
- A **Europass Certificate** issued at the end of the course stating your level of Spanish and your mobility period
- A **UDC Language Centre Certificate**
- **Excursions** to Ferrol Campus and Santiago de Compostela
- **Walking tours**
- The tasting of typical Galician **gastronomy**

... YOU CAN'T MISS IT!

The course is addressed to **teaching and administrative staff** working in HEIs.
