

Dear International Colleagues and Partners,

It is our pleasure to announce that Faculty of Business of Dokuz Eylül University will hold its **14th International Week on 10-14 May 2022** in Izmir, Turkey. We would like to invite you and your colleagues to participate in this event. The aim of the week is to offer our students an international and intercultural experience, and to intensify the cooperation with our partner universities.

The topics that will be covered in our 14th international week are “**Global Issues**” in business and management, economics, international relations, political science and tourism. We expect participating lecturers to deliver a modular course of 9 hours on their selected topics to the same group of students for three consecutive days. Instructors are free to follow any methods they prefer in their lectures. They can give lectures or encourage students to join the lecture through interactive teaching by organizing workshops, projects, presentations or initiating role plays and simulations. The lecturers will greatly contribute to our aim of offering students an international and intercultural experience by teaching the classes in a way inherent to their culture and background.

We would like our lecturers to enjoy the beautiful city of İzmir by the Aegean Sea and its surroundings. Therefore, we will start the International Week on the 10th of May, Tuesday with guided city tour. The kick off meeting will take place on the 11th of May, Tuesday. Guest lecturers will teach the regular classes on Wednesday, Thursday and Friday. On Wednesday night the dean will host our guests for dinner. On the 14th of May, Saturday, we are planning to take our lecturers to a tour of ancient Greco-Roman city of Ephesus.

For further information about the international week mobility/practicalities, please do not hesitate to contact us.

We are looking forward to hosting you in Izmir.
