

Dear Colleagues,

Uşak University has the pleasure to invite you to its International Staff Week in the framework of the Erasmus+ Programme which will take place from 29th April to 3rd May 2019 in Uşak, Turkey.

The participants will have the opportunity to get to know our University, receive information on how we work for our exchange programmes and other international activities while they will also meet their contact persons per department, if they wish to do so. The 4-day programme includes round table discussions, presentations and social events. Both the host organization and the event participants will give a presentation about their institutions and the participants will share and distribute the documents about their universities in the framework of interactive workshops.

In the context of cultural activities, a guided tour to the most famous centres of Uşak (e.g., Ulubey Canyon) , a visit to the Uşak Museum of Archaeology which displays the world famous Karun Treasures in a modern environment, a day trip to Ephesus which is one of the largest Roman archaeological sites in the eastern Mediterranean, will be organized. Our guests are more than welcome to participate.

"Uşak University will offer free accommodation, the social program, lunches and dinners for the first 20 participants. The rule of first-come and first-served will be applied."

There will be no participation fees. Participants can apply at their home institution for an Erasmus+ Staff Teaching/Training Grant and will have to cover all other costs related to this mobility.
