

Dear Partners and Colleagues,

The **University of Padua** (Italy) is pleased to invite you to its annual **International Staff Training Week**, which will be held on **October 12<sup>th</sup> – 14<sup>th</sup> 2022 in Padua**.

This year's Training Week is dedicated to ***Experimenting with Mobility: what works best to stimulate internationalisation?***

Innovative and flexible types of mobility in Higher Education are expanding rapidly, and are strongly supported by the European Commission within the new Erasmus+ Programme 2021-2027. Those types of mobility, including short, virtual, blended mobility, allow for increasing inclusion and extend the reach of international activities to wider target groups. The event represents a unique opportunity to learn, benchmark and network with colleagues from across the globe and is aimed at supporting institutions in making the most out of international mobility.

The Staff Training Week is open to all staff members of our partner and prospective partner universities who work in the field of internationalisation. The event is free of charge, but participants will need to cover their own travel and accommodation costs. The event is eligible for Erasmus+ funding for staff mobility.

Detailed information, including the provisional programme and the link to the application form, are available at: <https://www.unipd.it/en/international-staff-week>. Applications close on September 1<sup>st</sup>.

Best regards,

--
