

Dear Partners, Colleagues and Friends,

Greetings from Portugal!

We are happy to announce that we will be organising the **17th International Week of Universidade Europeia, IADE-UE, IPAM Lisboa and IPAM Porto** between February 27 to March 3, 2023.

As always the event will have a **Lecture Program** and a **Staff Program**: the Professors will be teaching in our courses and the international office staff colleagues will have the opportunity to present their institutions to our students. There will also be several opportunities for networking and social interaction exclusive to the participants.

The registration period will open in November of this year, when we will inform you about the theme of the next edition and send you a preliminary program.

We are looking forward to physically welcome all our international colleagues on the various campuses.

Wishing you a great summer holiday!

Cumprimentos / Best Regards,
