

Dear invitee,

Erasmus University Rotterdam proudly presents: Inclusion, Diversity, Equity & Access (IDEA) International Knowledge Week. We invite you to join us on 8-11 May in Rotterdam, the Netherlands, for four days full of workshops, inspiration, exchanging knowledge, research and best practices.

With participants from all over the globe we focus on how to make institutions more inclusive, looking into what each one of us can do. Our IDEA Knowledge Week will have an interactive program, with plenty of room for questions and answers, and space to share knowledge with other participants in informal settings as well.

Program

During the week, various national and international speakers - including Prof. Lina Gálvez Muñoz (European Parliament), Alfred Herrera (University of California, Los Angeles), Prof. Eveline Crone (Erasmus University Rotterdam) and Prof. Moniek Buijzen (Erasmus University Rotterdam) - will share practical insights and knowledge on topics such as (academic) outreach, student engagement, inclusive education, inclusive HR, inclusive communication and monitoring & research.
