

VIA University College offers Staff Weeks with various themes throughout the year.

The purpose of Staff Weeks is to get new inspiration, strengthen the relationship between the participating institutions through networking, knowledge sharing and discussions of best practices within and across professions - all in an international environment.

## **Content**

The content of each Staff Week varies according to the theme, but the programme normally consists of an introduction to VIA University College, presentations and workshops regarding relevant theoretical, practical and contemporary topics, visits to institutions, networking activities, cultural and social events.

## **Apply for funding**

All Staff Weeks are free to participate in, but expenses for accommodation, meals and transport are to be paid by the participants. It is possible to apply for funding if a bilateral Erasmus+ agreement is established between VIA and your home institution.
