

Dear all,

The Université Savoie Mont Blanc, member of the Unita Alliance, is organizing its "**Summer Modules for Intercultural and Language Education**" (**S.M.I.L.E**) [*in French "Semaine des Langues"*] - **from June 24 to 29, 2024**.

S.M.I.L.E is an amazing opportunity to 1) **teach languages in France** or 2) **improve your language competences** in the wonderful surroundings of the French Alps!

Our offer covers the following modules:

- French
- English
- Spanish
- Italian
- Intercomprehension in Romance languages
- Intercultural communication

Modules are organized in Chambéry by half-days, leaving time for intercultural activities and excursions organized in the surroundings.

You will find all the detailed information :

- on [the imotion page of SMILE](#)
- on [the SMILE catalogue](#)

And [follow this link to register!](#)

Be mindful that although the **registrations are open until March 15th**, a selection may be made on a *first come - first served* basis in case the maximum capacity is reached. Some groups are already almost complete, so **do not wait too long before you apply!**

For any further information request, please do not hesitate to contact our Direction of International Relations through: [internationalweek@univ-smb.fr](mailto:internationalweek@univ-smb.fr).

We warmly encourage all of you to participate to our S.M.I.L.E programme!

With kind regards,

--
