## Join us for this year's Erasmus International Staff Week! 2 to 6 December 2024

Located in the Rhine-Main region, and known as the "The City of Science", Darmstadt is a great place to experience German culture and get to know colleagues from around the world.

This year we have created an attractive programme from 2 to 6 December 2024 for you: The road to digitalization in Higher Education. We will emphasize not only the challenges that digitalization has proven to be for universities but also on the benefits of digital teaching and learning and the paths it opens up for dealing with societal changes and challenges. We will round it off with a cultural programme, tasty "Glühwein" and the opportunity to get to know our students.

### Programme at a Glance

During the Erasmus International Week, you will be able to experience life at h\_da through the eyes of our students and staff by:

- taking a tour of the h-da campus and the city
- workshops on digitalization in higher education
- sharing best practises of digitalization in learning at your home institution
- experiencing German culture by exploring Darmstadt and the Rhine-Main region
- meeting and getting to know your international colleagues and
- promoting your home institution at our Study Abroad Fair

### Interested?

Are you interested in participating? Please fill out this [form](#) until **30 September 2024** and we will contact you for next steps and registration. Spaces are limited to 30 participants. All applicants, coming from our partner institutions or non-partner institutions, are welcome.

More information on accommodation options and possible costs can be found on our [website](#).

We are very much looking forward to welcoming you here in Darmstadt!
