

Meet the World
VIA University College

VIA International Mobility

Join us for interprofessional staff week, 19-21 November 2024

Meet colleagues, share knowledge, and discuss best practice within and across professions at the interprofessional staff week at VIA's Campus Holstebro.

The staff week is open to all our international partners and will focus on cultural diversity, the Danish model of welfare, and view on education, didactics and communication. Internationalisation at home and abroad will also be an important part of this staff week, as well as showing you our campus placed in a rural area.
