

Dear Colleagues,

Warm greetings from Alanya University, Türkiye.

We are delighted to invite you to “**Artificial Intelligence in Erasmus+ Implementation**” International Week, taking place from **May 5th to 9th, 2025**.

This event is particularly valuable as we will be hosting staff from both **KA131 and KA171 projects**. Therefore, you will have the opportunity to meet representatives from both **European and non-European countries**. This is a unique opportunity to build new partnerships, strengthen collaboration, and spark innovative ideas.

Together, we shall explore the transformative role of Artificial Intelligence in shaping the Erasmus+ project implementation at higher education institutions and global partnerships.

We kindly invite you to join us in Alanya, a city that epitomizes the beauty and culture of the Turkish Riviera. Experience its rich history, warm hospitality, and authentic Turkish cuisine, as well as the intellectual and cultural exchanges that await.

Participate in AI-Focused Panel and Discussions: Explore the ways Artificial Intelligence is reshaping everyday life and professional practices.

Foster International Networks: Engage with colleagues from around the globe, sharing insights and building enduring collaborations.

Immerse Yourself in Culture: Enjoy a curated program of cultural highlights, including a traditional Turkish Folk Evening.
