

Dear ESCI Champions,

I am pleased to invite you to the **Erasmus+ Blended Intensive Programme – International Staff Week (IV Edition)**, organized by the **University of Pavia**, Italy from **22 to 26 June 2026**, entitled: "**Opening Doors: International Student Admissions and Digital Mobility**".

The Staff Week will focus on two closely connected areas of internationalization in higher education:

- **Digital mobility and digitalization of international processes**, with particular attention to Erasmus+ digital workflows, including EWP and the European Student Card, as well as practices developed within European University Alliances.
- **International student admissions**, addressing admission procedures, stakeholder coordination, joint programmes management, and solutions for managing growing and increasingly diverse international applications.

The programme is designed to foster peer exchange and practical discussions among professionals involved in mobility, digitalization, international admissions, and alliance-based cooperation.

Full details & applications: <https://lnkd.in/dvVcykxr>

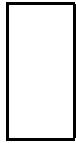

We warmly encourage colleagues engaged in digital mobility, ESCI, and internationalization processes to consider participating and to share this opportunity within their institutions.

Further details will follow shortly.

Kind regards,

Michela Cobelli and all the UNIPV team

 Michela Cobelli (she/her)
International Relations Office
Head of International Mobility
