Call for BIP Erasmus+

A Human-Centred Design programme where international and multidisciplinary teams collaborate with public institutions, NGOs and civil society organisations to co-create innovative solutions for real-world challenges.

🌐 Online sessions begin in October

📍 In-person week in Lisbon, Portugal – November 2026

Why join LabIDEAS?

- Work on authentic societal challenges
- Collaborate with students and academics from across Europe
- Apply Human-Centred Design in practice
- Strengthen international and interdisciplinary competences
- Build innovative solutions with real social impact

How to Apply:

Higher Education Institutions are invited to express their interest by contacting
bips.staffmob@universidadeeuropeia.pt

Deadline: September 30th, 2026

Programme Structure Virtual Phase

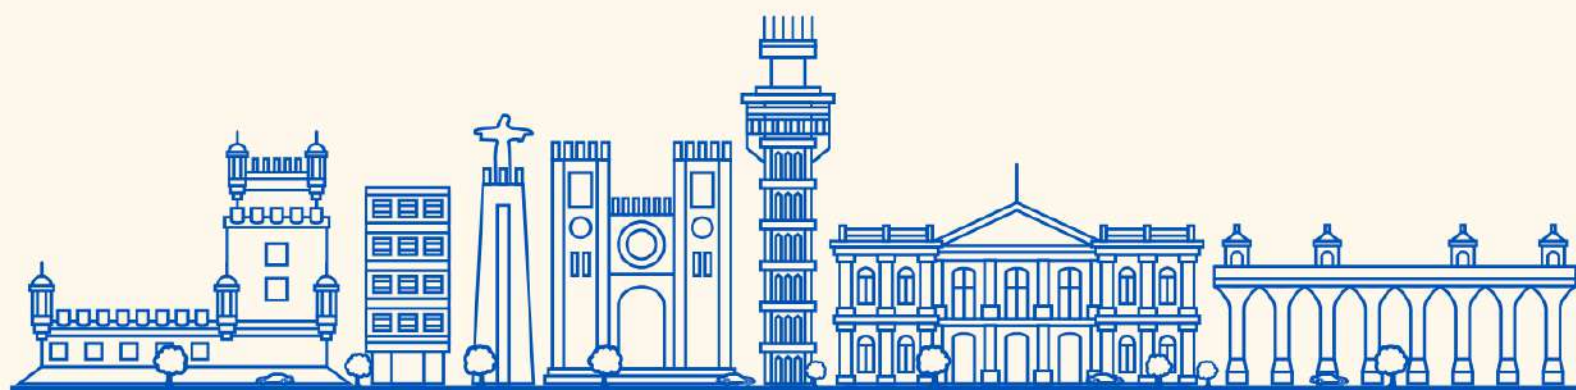

- Introduction to the challenge
- Human-Centred Design
- Team formation
- Stakeholder briefing

Intensive Week

- Field research
- Co-design workshops
- Prototyping
- Final presentations

Take part in an unforgettable
professional and international experience.

Institutions may nominate Bachelor's and Master's students to take part in the programme.
