

Nicoleta`s Erasmus story:

I definitely have no idea how feelings, memories, hundreds of smiles and laughs can be put into words. What I do know is that Erasmus was one of the best parts of my life!

The Erasmus experience meant to me so many things, from friends (amazing ones I must say), to a new culture, great food, crazy trips, open-minded people, music, parties and beyond.

It was that moment when people from all over the world gathered just to feel good and share information, thoughts, ideas, no matter the age, nationality or gender.

Oh no, don` t imagine it wasn` t hard, I dealt with long hours of studying, stolen bikes, lost trains and buses, lots of rain, crazy people, but all these made up an awesome story, my awesome story.

I would certainly recommend it to all students, you would be amazed at how many things you can learn by just daring to try.

What can be better than getting education, knowing new people, visiting, making new friends, learning and having fun? This and many others I owe to all the persons I met while living such a marvelous experience, I am really thankful I had the occasion to experience these moments and now I am the proud owner of so many memories.

My eyes were delighted, my heart thrilled.

Once Erasmus, always Erasmus!
