

#ExcellenceInAction Turku University of Applied Sciences is a community of 10 000 experts – a technical university of the future and a developer of well-being. Our graduates are practice-oriented professionals with top competences.

Sharing Excellence Week for Administrative Staff

Welcome to Turku University of Applied Sciences. **'Excellence in action'** is the title of our strategy. Excellence is an important goal not only for students and lecturers, but also for staff working in administration, and it is an idea we would like to share with our colleagues from all over the world.

We would like to invite you to share your excellence with us! Join on Sharing Excellence Week in 3-7 June 2019. Register by 30 April.

Who can Participate?

The theme of this year's international week is **'Inclusion and Participation in Higher Education Communities'**. The programme is intended partly for everyone, and partly it is theme-specific. We still have places left especially for theme-specific programme organised by:

- Communications Services
- University and Business Co-operation
- Staff and Student Involvement in Designing Working and Learning Environments
