

General Information

The EEA Grants Programme offers support to students from WUT's partner universities from Norway, Iceland and Liechtenstein to pursue a study mobility in Timișoara. This is possible through mobility projects implemented between any higher education institutions in the European Economic Area (Norway, Iceland, Liechtenstein, namely Donor Countries) and in Beneficiary Countries (Bulgaria, Croatia, Cyprus, Czech Republic, Estonia, Greece, Hungary, Latvia, Lithuania, Malta, Poland, Portugal, Romania, Slovakia and Slovenia).

The International Office at your home university has all the information you need regarding: available opportunities/subject areas for mobilities, selection process and grant value.

Your grant will consist of: subsistence component + travel component

Subsistence (students) for mobilities from Donor States to RO	1000 EUR/month (for incomplete months the grant will be calculated by multiplying the number of days from that specific month with 1/30 of the monthly grant- 33 EUR/day)
