

E.U./Romanian Citizens with Degrees Obtained Abroad/Family members/ Citizens with a subsidiary protection/Refugees

If you graduated High School or a Bachelor/Master programme in an European country, other than Romania, you are welcome to study at WUT having had your documents validated by the National Centre of Recognition and Equivalence of Diplomas (CNRED), part of the Romanian Ministry of Education and Research.

You can either send us your file for the recognition of your previous studies done abroad either in a physical format or by sending your documents at international@e-uvt.ro and our Department of

International Relations will submit them to CNRED and facilitate the validation.

For more information regarding the procedure of obtaining this document, please see <http://www.cnred.edu.ro/> or www.ri.uvt.ro – International Students – Citizens from E.U/ Romanian citizens with degrees obtained abroad

!Admission sessions: **July and September**, but the recognition file shall be submitted at the responsible institutions at least one month in advance.

For EU citizens, the tuition fees are the same as those applied for the Romanian students, of approximately **700 euro per academic year**.

Steps for having your previous studies recognized by the National Centre of Recognition and Equivalence of Diplomas (CNRED)

1. The candidates inform themselves at the secretary/ on the website of the faculty where they wish to be admitted at concerning the admission requirements.
2. The candidates submit the file for the recognition of their previous studies from abroad at the Department of International Relations **at least one month before the admission in July/September**. Even so, the sooner they apply, the better.
3. Once they have a Certificate of Recognition, the candidates prepare the admission file requested by the faculty.
! The Certificate of Recognition is only one document from the admission file which the candidates need to provide the secretary of the faculty with. The Certificate of Recognition is the only document from the admission file that can be obtained with the support of the Department of International Relations in approximately 30 working days.

4. The candidates submit their admission files at the secretary of the faculty.
5. The candidates sit the exams/interviews organized by the faculty.
6. The candidates have to wait for the results.
7. The candidates confirm their place (if the case) once they know the results.
8. The candidates enrol and submit the original documents requested by the faculty.
9. **If the issuing of the Certificate of Recognition is delayed and it is obtained after the admission session in July or September**, the Department of International Relations will provide the candidate with a **provisional document** replacing the Certificate of Recognition until it arrives from the Ministry of Education and Research.
10. The Certificate of Recognition can either be included in the admission file in July or September (if it arrives on time) or shall be taken by the candidates at the secretary of the faculty when it arrives at the Department of International Relations. **The deadline for adding the Certificate of Recognition to the initial admission documents is settled by each faculty.** The Department of International Relations informs the candidates when the Certificate of Recognition arrives from the Ministry of Education and Research and it depends on the candidates **to pick it up either in original on their own or through a Power of Attorney from a public notary for another person** in this sense and take it to the secretary of the faculty where they were admitted at. **The Department of International Relations is responsible only in supporting the candidates to obtain the Certificate of Recognition** which constitutes only one document from their admission file. **The rest of the documents and steps that they need to take concerning the admission process is strictly the responsibility of the candidates.**

For PhD studies, please visit the website of the Council for Doctoral Studies: <https://doctorat.uvt.ro/?lang=en>

The Romanian Language Preparatory Year:

Is mandatory for students who wish to study in Romanian and don't have a language certificate in this sense. According to the national Law 316/ 12.07.2006, citizens from member states of the European Union, European Economic Area and Swiss Confederation, have the right to apply to studies in Romania, in the same financial circumstances as Romanian citizens. The tuition fee for the Preparatory Year of Romanian language, for this category of candidates is in Romanian currency, in the amount of **3000RON/year~665€/year**.

The candidate has to pay 3 fees:

1. The admission fee in the amount of 100 RON;
2. The enrollment fee in the amount of 150 RON;
3. The tuition fee for the Preparatory Year in the amount of 3000 RON.

More information: www.ri.uvt.ro (International Students – Romanian Language Preparatory Year).

Scholarships

For details concerning the possibility of obtaining a scholarship, please access the website of the Ministry of Foreign Affairs in Romania:
